Do you enjoy Clark County's shorelines?

You may be affected by the updated Shoreline Master Program (SMP)

The first draft of the Coalition's updated Shoreline Master Program will be available for review online beginning March 1, 2011. Paper copies will be available from your local planning office.

Come to one of the countywide open houses — You'll find out what's different and what it means for you. Learn about the underlying science; shoreline designations; restoration plan; and much more.

Comments on this first draft SMP are due by April 1, 2011.
