FIRST COME, FIRST SERVED

Despite the cantankerous weather (rain/sun/wind/rain/hail/sun/rain), there's been a steady stream of boaters coming in to lease a slip for the season. Don't miss out! If your friends are interested, please have them come down soon; we anticipate that the Marina will be full by the end of March - as usual. EMERGENCY RESPONSE DRILL

As part of its Emergency Response Plan, the Port will conduct a mock disaster drill on Friday, March 18th, with participation by the Camas and Washougal fire and police departments, as well as Fire District 9. If you see smoke coming from the east end of the Industrial Park or hear sirens on that Friday morning, don't worry. This drill is an example of the Port's proactive approach so we'll be better prepared to respond in a real disaster. See entire release here: [MockDrillPlanned](#)

WATER'S ON

From Harbormaster Mark: "According to the groundhog, we're supposed to have an early spring. We hope that's true! One *sure* sign that spring is on its way is that the water has been turned back on in the Marina. That took place on Wednesday, March 2nd. Note: please let staff know ASAP if you see any water leaks so they can be addressed. In addition to charging the water lines on the boat docks, the Fuel Dock's pump out station is also operational now. Have a great salmon season ... stay warm and dry." - Mark
