

SMALL WORKS ROSTER

The Port of Camas/Washougal maintains a Small Works Roster of licensed and bonded contractors from which it solicits bids for projects up to \$200,000.

Any contractor who wishes to be placed on the Small Works Roster must complete the **Application for Small Works Roster** and submit it to the Port, together with copies of:

- current Washington State Business License,
- Contractor's License, and
- Certificate of Insurance.

The contractor's Bond Information is requested on the Application, as well.

Also required is the category or categories in which the contractor wishes to be included. The **Category List** should be filled in and returned to the Port with the completed Application.

Compliance with all State of Washington rules and regulations pertaining to public works projects, and the Small Works process, is necessary.
Prevailing wages must be paid.

Every January, the Port sends a Renewal/Update Request to the contractors who are already on the Roster in order to verify information. Once on the Roster, a timely response to the Renewal/Update Request is all that is needed to maintain current standing.

If you have any questions regarding the Small Works Roster, please send an email to: roster@portcw.com or call the Port Office at 360-835-2196.

The Port thanks you for your interest.
